Revised 1.31.20

Definition:

Volunteers provide direct service in support of SUNY and its programs without remuneration

Volunteers must be properly appointed and recorded since they are covered under the Worker's Compensation Law should they be injured while performing their volunteer duties. In addition, Section 17 of the Public Officers Law provides that the NYS Attorney General will defend these volunteers should they become involved in litigation that pertains to an incident involving their volunteer duties as long as the volunteers did not intentionally engage in wrong doing. Therefore, the direct service must be clearly outlined and described. An employee of a State or local government may not volunteer to his own agency services of the same type the employee is employed to perform. If individuals are paid or sponsored through their own employer, then they are not eligible to be a SUNY volunteer, since their own employer would provide the coverage described above.

Volunteer status does not authorize privileges, such as an ID card, email account or parking.

To request privileges, please complete a [Request for Privileges Form at SUNY-ESF](#).

Policy:

Appointment maximum is one year; may submit request annually. Any changes in location, responsibilities, etc., within the volunteer appointment period should be reported to Human Resources.

Special policies apply to minors under 18 years of age - For guidelines, contact:

Resources 216 Bray Hall
