Date: April 5, 2012
Department: EFB
Course Number: EFB457 and EFB657
Course Title: Fish and Wildlife Diseases
Name of Requestor: Christopher Whipps

Include a copy of the detailed course description with this form. If making a change to an existing course, include “track changes” in the document. Once the changes are approved, you will be asked to send a soft copy of the updated detailed course description to OIGS (svandeburg@esf.edu).

Description of the Change: Based on student demand for EFB453/653 Parasitology, that course will be taught every year instead of switching off between EFB453 and 457. As such there is no plan to continue teaching EFB457/657. This is not a required course for any curriculum, nor does it fit any directed elective category for EFB majors.

For OIGS Only

☐ Approve

☐ Deny (Explanation if denied):

S. Scott Shannon
Dean of the Graduate School

4.5.12

*Form to be used for minor changes only (i.e. name changes). Approvals will be posted on CoC website.
