

Laboratory Safety Guide
and
Chemical Hygiene Plan

**State University of New York
College of Environmental Science
and Forestry
January, 2006**

Table of Contents

I.	Goal	1
II.	Ensuring Laboratory Safety	2
	A. Laboratory Director	2
III.	Safe Laboratory Practices	2
	A. General Principles	2
	B. Health and Hygiene	3
	C. Food, Beverages, and Chemical Contamination	4
	D. Housekeeping	5
	E. Laboratory Equipment Maintenance	5
	F. Glassware	6
	G. Protective Apparel and Equipment	6
	H. Cryogenic Hazards	7
	I. Systems Under Pressure	7
	J. Warning Signs and Labels	8
	K. Unattended Operations	8
	L. Working Alone	8
	M. Laboratory Security	9
IV.	Facility and Operational Safety Rules	10
	A. Laboratory Fume Hoods	10
V.	Handling Chemicals in the Laboratory	11
	A. Acute and Chronic Exposure	11
	B. Procurement	12
	C. Transport	12
	D. Storage	12
	E. Designated Area	13
	F. Approval	13
VI.	Chemical Hazards	14
	A. Caustics and Corrosives	15
	B. Toxic Chemicals	16
	C. Mercury	17
	D. Carcinogens	17
	E. Flammables	18
	F. Reactives	19
VII.	Breaks and Spills	20
	A. Reporting	20
	B. Personal Safety	20
VIII.	Compressed Gases	21
	A. Handling and Storage	21
IX.	Radioactive Hazards	22
X.	Biological Hazards	23

XI.	Labeling	24
	A. Label Requirements	24
	B. Chemical Waste Labeling Requirements.....	24
	B. Transfer of Chemicals	24
	C. Exceptions to Labeling Requirement	25
XII.	Fire Prevention, Control and Reporting	26
	A. Prevention	26
	B. Priorities in Case of Fire	26
	C. Fire Control Methods	27
XIII.	Waste Disposal	28
	A. Disposing of Waste Chemicals	28
XIV.	Inspections, Audits, and Reports	29
XV.	Training and Information	29
	A. Laboratory Personnel	29
	B. Laboratory Directors	29
	C. Training	29
XVI.	Medical Examination	30
XVII.	Electrical Safety	31
	A. General Instructions	31
	B. Static Electricity and Spark Hazards	31

Appendixes

Mercury Policy	A
ESF Hazardous Chemical Labeling Program	B
Chemical Code Sheets	C
Laboratory Ventilation	D
Chemical Spill Policy	E
Chemicals Established as Hazardous.....	F
Compressed Gas Cylinders	G
Personal Protective Equipment Plan.....	H
Biohazard Procedures	I
Laboratory Inspection Program	J
Hazard Communication Program	K
Chemical Waste Management.....	L
