

Dan Farrell

Dan Farrell is an Associate Project Manager with NYSERDA's Residential Efficiency and Affordability Program (REAP). Dan leads NYSERDA's Residential Green Building Team, tasked with implementing the green building incentive program authorized by the Governor and Legislature in September 2008. He is a LEED-AP, with over ten years experience in the green building, waste management, and hazardous materials management fields.

Dan comes to NYSERDA from the King County (Seattle, WA) GreenTools green building program, where he managed grant programs for commercial and residential green buildings. Prior to this, Dan worked for the Washington State Department of Ecology and lead efforts to implement green building programs throughout the State of Washington. Dan holds a Master of Public Administration from University of Washington.
