

Michele Jones, Facilities Energy Manager, Ithaca College

Michelle Jones, LEED GA, has a degree in Electrical Construction and Maintenance. She has worked for IBM in Facilities Services; for New York State Electric and Gas as an Energy Manager and NYSEG's Customer Service Project Manager during deregulation of the electric industry in NYS. Her responsibilities as Energy Manager at Ithaca College include utility contracting, strategic energy planning, monitoring and verification, facilitating higher efficiencies through better systems management, and LEED certification coordination. She is currently working toward LEED AP O&M and LEED AP BD&C.

Michele is a Certified Energy Auditor, and has an AAS in Arts and Humanities from SUNY-Delhi and an AOS in Electrical Construction and Maintenance from SUNY-Delhi.
