STATE UNIVERSITY OF NEW YORK
COLLEGE OF ENVIRONMENTAL SCIENCE AND FORESTRY
HONORS PROGRAM
Academic Plan Form (H-2)

Student's name _____ SUID _____

Major:

❒ Aquatic & Fisheries Science
❒ Biotechnology
❒ Chemistry
❒ Conservation Biology
❒ Forest Ecosystems Science
❒ Environmental Biology
❒ Environmental Science
❒ Environmental Studies
❒ Forest Engineering
❒ Forest Resources Management
❒ Forest Health
❒ Landscape Architecture
❒ Natural History & Interpretation
❒ Natural Resources Management
❒ Wildlife Science

Expected graduation date: ❑ Fall _____
❑ Spring _____

In order to earn graduation Honors, a student must attain a cumulative grade point average equivalent to 3.400 in all upper division courses. In addition, a student must complete the following course requirements:

1. **Thesis Exploration Seminar (ESF 309, 1 credit)** This course helps Honors students formulate and develop their thesis/project topic and is taken the first semester of enrollment in the ESF Honors Program. Please indicate the semester and year you completed ESF 309:

   ❑ Fall _____ ❑ Spring _____

2. **Two courses (at least 6 credits total) that contribute directly to the honors thesis/project.** These courses must be a) either in the student's major or in a related area at the 400-, 500-, or 600-level and must not be required for all students in that major, or b) enhanced versions of required upper division courses. Students admitted to the ESF Honors Program are automatically eligible to enroll in appropriate courses numbered 500 to 699. Attach **Course Justification Forms** to indicate how you propose to meet this honors program requirement.

3. A total of at least **four credits of Honors Thesis/Project** (ESF 499, 1-5 credits) with a grade of B or better. Please indicate when you plan to enroll in **ESF 499**:

   ❑ Fall _____ ❑ Spring _____

4. Students supplement their work with a **presentation at the Spotlight on Student Research or seminar**, usually in the final semester of their academic program. Please indicate when you will participate in Spotlight on Student Research or present a seminar:

   ❑ Fall Seminar _____ ❑ Spring Spotlight on Student Research _____

I concur with this academic plan to meet the requirements of the SUNY ESF Honors Program.
