

Federal regulations require F-1 and J-1 students to provide proof of funding for an entire year of their program of study <u>or</u> the remainder of their program, whichever is shorter. Please use the worksheet below to calculate the estimated fees and expenses related to your program and <u>attach proof of financial support equivalent to the calculated figure</u>.

Acceptable financial documentation includes: <u>current</u> personal bank statement or available balance page of your online account information; assistantship letter; tuition scholarship letter; stipend letter; fellowship letter; or a notarized letter from a sponsor (relative or third-party) indicating their funding commitment to you along with sponsor's <u>current</u> bank statement.

## Tuition

To calculate tuition costs, please utilize the figure below that best represents your academic situation. If you will carry a full course load, utilize the year or semester figure; If you have less than a full course load remaining, please utilize the per credit figure and multiply it by the number of credits remaining in your program. Please enter the amount in the appropriate section of the Estimated Tuition calculation.

Graduate Tuition: \$24,255/ year I \$12,128/ semester I \$963/ credit Undergraduate Tuition: \$18,720/ year I \$9,360/ semester
