October 25 & 26, 2006

STATE UNIVERSITY OF NEW YORK
COLLEGE OF ENVIRONMENTAL
SCIENCE AND FORESTRY,
SYRACUSE, NY 13210

The 2006 Joachim Forum will be held in SUNY ESF in conjunction with the annual meeting of the Syracuse Pulp & Paper Foundation Inc. (SPPF) and the fall meeting of the Empire State Paper Research Associates.

This year's program consists of a seminar and two panel discussions of emerging energy and carbon reducing technologies and sustainable products in the Forest Products Industry. Four lectures by leading experts examine these matters critical to sustainability in the pulp and paper industry.

This is followed by expert panel discussions on day 1 and then again with an educational focus on the morning of day 2.

Scholars and management professionals from SUNY ESF, other institutions, industry, government agencies and the environmental non-profit sector are invited.

Representatives of senior management from the pulp & paper industry, members of the SPPF, and the Empire State Paper Research Associates, board members, undergraduate & graduate students and members of the Paper Science & Engineering Faculty at SUNY ESF are expected to attend.

JOACHIM SEMINAR

DAY I: EMERGING ENERGY AND CARBON REDUCING TECHNOLOGIES AND SUSTAINABLE PRODUCTS

CHAIR: W. P. TULLY, DIRECTOR, JOACHIM CENTER, SUNY ESF

140 BAKER LABORATORY 4 PM- 6.30 PM

- 1. ENERGY OUTLOOK**
SHIJIE LIU, Associate Professor, Faculty of Paper Science and Engineering, SUNY ESF, Syracuse, NY
- 2. TECHNOLOGY FOR FUN VS. TECHNOLOGY FOR PROFIT**
WILLIAM J. BURKE, Technology Manager, Johnson Controls, Milwaukee, WI
- 3. FOREST BIOREFINERY – RISK ASSESSMENT AND PROOF OF CONCEPT**
PETER INCE, Senior Research Scientist, U.S. Forest Products Laboratory, Madison, WI
- 4. FRONTIERS OF SUSTAINABLE FOREST PRODUCTS RESEARCH**
G. RONALD BROWN, Research Director, Mead Westvaco Corp.

JOACHIM DINNER
(INFORMAL) 7 PM

JOACHIM PANEL I

DAY 1, October 25: 8 PM – 9 PM
Moon Conference Room
Panelists from SPPF, ESPRA and SUNY ESF

JOACHIM PANEL II

DAY 2, October 26: Impacts in a Carbon Constrained World – Opportunities and Educational Needs

Moon Conference Room
Joachim Breakfast 8:00 AM – 8:40 AM
(informal)

Opportunities Program 8:40 AM – 9:00 AM
Chair: W. P. Tully, Director, SUNY ESF, Joachim Center
Panelists Attendees

Educational Program 9:00 AM – 9:30 AM
Chair: G. A. Scott, Associate Chair, PSE Faculty, SUNY ESF
Panelists Attendees
