

SAF MEETING
October 10, 2005

MINUTES

(Comments organized by topic)

Present:

Lise
Nan
Jim
Bill
Derek
Kayla
Jen
Eric
James
Nate

Memorial Grove

We still need to do a survivorship count. Derek volunteered.

We were short about 40-50 tree tubes. Matt might have more.

We will try to get out there before the first snow. Talk to Derek if you want to get involved.

We should also permanently mark the tree tubes containing Mike Farrell's stock.

Nan has a map identifying where those seedlings are planted.

Volunteers Needed

Leah Flynn (coordinator of student activities) needs volunteers to work the BBQ on Saturday. Please contact her directly if you are interested.

Stephen Harris of Cornell Cooperative Extension is looking for volunteers for tree planting on any or all of the following dates: November 9, 10, 11, 12, 14, 15. Please look at your calendars and decide what is the best day for you to volunteer and at the next meeting we will coordinate an ESF-SAF effort. No details about exactly where the planting will take place but it is likely to be local.

Other issues

No meeting next week due to national convention.

Schedule of upcoming Meetings:

10/17 – No meeting (convention week)

10/24 – Meeting for all members. Sign up for activities. Report on SAF Convention.
