

SAF Student Chapter Meetings
Minutes provided by Katy Wallace

November 1, 2004

Ian had some information on the electric fence for the Memorial Grove at Heiberg. He had some estimates for us; Dr. Germain recommends a 2 wire fence with a battery. Project is to be done in the spring; more information to come.

Upcoming events:

*This Saturday, November 6: Planting in Liverpool at the Housing Authority. Email Steve Harris: slh48@cornell.edu

Monday November 8 – A woman from the Student Conservation Association will come to our meeting to speak about summer jobs with SCA. Meeting in 212 Marshall.

Monday, November 15 – Oregon Cutting Systems is putting on a chainsaw safety workshop. Free pizza! Meeting in 212 Marshall.

Monday, November 22 – Last meeting before Thanksgiving, Potluck at 1020 Euclid.

* Addendum.

November 8, 2004

Mindy from the Student Conservation Association spoke to us about opportunities within the organization. SCA offers internships which range from 12 weeks to 12 months. Many summer job opportunities are available. Also, SCA has conservation project jobs, and positions as Conservation crew leaders.

See their website for listings of available positions: www.theSCA.org

Next week's meeting will be a chainsaw safety seminar with Oregon Cutting Systems.

November 15, 2004

Brian Lepine from Oregon Cutting Systems gave a chainsaw safety seminar. Those who attended enjoyed pizza and learned a great deal, including why a square cutter cuts faster than a round cutter, the difference between filing a chain and sharpening a chain, and what "kerf" is.

Watch your email for announcements about upcoming meetings and the holiday potluck.
