

SAF Meeting – February 2, 2004

NYSAF Meeting

- This Thursday and Friday
- It costs \$65 to attend; our student chapter will subsidize the late fee of \$15, but will cap it at \$150 (so only 10 people will get subsidized)
- You can register at the Outreach office or at the door
- The Memorial Grove table will be set up to get donations
- Contact Maureen Wakefield if problems arise
- See if there is anyone who is interested (or who interests you) to be a guest speaker at future meetings
- Sell ESF mugs for \$3 at the table

President's Roundtable

- Nick will attend this to represent SAF
- It is tomorrow night at 6pm
- It is a place for all clubs and organizations at ESF to express concerns
- Will be helpful so that clubs don't duplicate activities and clubs work together on that one activity (i.e. First Aid/CPR)

Memorial Grove Update

- Committee meetings are on Wednesday's at 11:45am in Moon Library
- Have decided that we do not need to replant 600 seedlings, but concentrate on about 200 that way we won't have as much mortality
- Need to get prices for seedlings
- Need to look into digging up sugar maple saplings already in the woods and replanting them in the grove
- Need to make up a specific management plan
- Need to update donators
- Replanting will occur at the end of April or early May

Project Learning Tree

- Headed by Heather Engleman
- Will be running it on April 3rd

Guest Speaker – Paul Ray

- Need to pick a day and time
- Will talk about good ways of conducting plantations (such as the Memorial Grove)
