

SAF Meeting – March 15, 2004

#### Ranger School Trip

- Kathleen and Mike will most likely need to coordinate with Dr. Davis for the trip up to the ranger school.
- This will most likely be an over-nighter.

#### Guest Speaker – Matt Karp

- He was supposed to give us his talk this Thursday, but we decided as a committee that we did not have enough time to advertise and get a reasonable turnout.
- Kathleen will call him and see if we can push it back a week, so we can get a larger audience.

#### USA Meeting

- Joe attended that Monday night.
- He gave an update to the student government on what our club is doing.

#### Memorial Grove

- Dr. Germain talked with NRCS and they are most likely willing to help us on the cost of 200 seedlings.
- A rough draft of the future donor letter is under way. We expect to send those letters out by the end of March.

#### Officers

- We need to recruit new officers for next year because all of our current officers (except Denise) will be graduating in May.
- Are any of the first year women that have recently begun attending meetings interested? It would be a good opportunity for them to develop leadership skills and network with upperclass students and local professionals, and good for the chapter to have them for several more years.
