

SAF Meeting – March 29, 2004

Project Learning Tree

- **THIS SATURDAY! 9-3:30PM!**

- **Moon Library Conference Room**

- Heather Engelman, who is running this, cannot actually make it and there have been only a few folks that pre-registered. John Graham will still be facilitating. We need representation at this event!! You can register right at the door for \$20.

New Officers!

- **ALL CURRENT OFFICERS ARE LEAVING OR RESIGNING THEIR POSITIONS!**

- If you are interested in a position, please email Dr. Germain (rhgermai@esf.edu) THIS WEEK! And come to the meeting this coming Monday!
- We need to have the new officers picked and all set by April 3rd.
- Being an officer for the SAF chapter has benefits:
 - 1) LOOKS GREAT ON A RESUME!
 - 2) ITS FUN!
 - 3) It does not require much additional time outside of meetings. You will still have a life!
 - 4) You'll make new friends!
 - 5) SAF events are always the coolest – from the annual Thanksgiving Potluck, planting seedlings for the Memorial Grove, to hosting the Fall TGIO!

Memorial Grove

- **A GOOD AMOUNT OF SEEDLINGS HAVE SURVIVED FROM LAST MAY!!!**

This is great news since we weren't sure how many could have made it through the competing vegetation, deer/rodent browse, and snow.

- A field survey will be completed by Dr. Germain and Paul Ray to determine the best location for the additional 200 seedlings we will plant.

- **TENTATIVE PLANTING DATES ARE April 28th, 29th, or 30th.** This is during finals week so check your schedule and let us know when you are available.

Guest Speakers

- Conservation Easement speech (by Dave Smith?) during Earthweek
- When?
- Where?
- Make it a panel with other speakers?
