

A Best Management Practices Workshop for foresters, loggers and forest landowners:

Timber Harvest Planning and Implementation

Saturday, April 3, 2004

Naples Bingo Hall
Town of Naples

Sponsored by

SUNY-ESF Faculty of Forest and Natural
Resources Management

Canandaigua Lake Watershed Council
Ontario

County Soil and Water Conservation
District
and

New York State Department of State

Timber Harvest Planning and Implementation

When trees are harvested from a forest there is always a potential to disturb forest soils, resulting in sediment-laden runoff which adversely impacts our streams, rivers, lakes, ponds and wetlands. Before and during times of harvest, use of Best Management Practices (BMPs) helps to minimize contamination of drinking water, as well as degradation of our fish and wildlife habitat.

The objective of the workshop is to enhance landowner, logger and forester awareness surrounding BMPs that relate to the model forestry law that is before the towns of Bristol, South Bristol, Naples, Italy, Middlesex, Canadice, Richmond and Gorham.

Intended Audience: Foresters, Loggers and Landowners.

Instructors: Russell Briggs, Professor of Forest Soils & Silviculture and René Germain, Associate Professor, Forest Management, SUNY College of Environmental Science and Forestry, Syracuse; Ken Kasprzyk, Forester, New York State Department of Environmental Conservation; Kevin Olvany, Watershed Program Manager, Canandaigua Lake Watershed Council.

Workshop Agenda Saturday, April 3, 2004

- 8:00 Registration
9:00 Welcome
-Kevin Olvany, René Germain
- 9:15 Why we need BMPs: Impact of erosion on water quality and long-term forest productivity – *Russell Briggs*

10:15 Break

Timber Harvest Planning
and Implementation

Workshop Agenda
Saturday, April 3, 2004

12:00 Lunch

1:00 Linking the proper BMP technique to the site – *Ken Kasprzyk*

1:45 Special management considerations for forest riparian areas – *René Germain*

2:15 Stabilizing and re-vegetating landings, roads and trails after the harvest – *Russell Briggs*

2:30 Overview of the Model Forestry Regulations (Discussion Period) – *Kevin Olvany (585) 396-3630*

3:30 Adjourn

SAF Certified Forester Credits: This workshop has been approved for 5.5 Category 1 Continuing Forestry Education credits.

New York Logger Training TLC credits: This workshop has been approved for 1 TLC elective credit.

Space is limited! Please register early!

Registration: Simply fill out and mail or fax the registration form. Fax the completed form to (315) 470-6890 or mail it to: ESF Outreach, 1 Forestry Drive, Syracuse, NY 13210 with your registration fee. Registration brochure is available on the web at: <http://www.esf.edu/outreach/pd/workshops.htm>

Location and Directions: From Naples take County Rd. 36 west for about 3 miles. Make a left onto Maxfield Rd. The Bingo Hall is on the left. Directions will be sent with acknowledgment of registration.

Fees: Registration amount is \$15 for all participants working or residing in the four county regions of Steuben, Livingston, Ontario and Yates counties. Registration amount is \$35 for those who reside and work outside the four county area.

The workshop fee includes lunch and refreshments, and materials.

Please make checks payable to SUNY Research Foundation. VISA or MasterCard also accepted (sorry, no American Express).

Refunds: SUNY-ESF reserves the right to cancel a program in the event of insufficient registrations. A full refund will be given if a program is canceled. Participants who wish to withdraw must give written notice four weeks in advance to receive a refund. *No cancellations by phone, please.* Substitutions are permissible at any time.

Questions? ESF Outreach (315) 470-6817
