Mr. Malin is vice president of BuildingGreen, Inc. and serves as editor of Environmental Building News, a monthly newsletter on environmentally responsible design and construction and coeditor of the GreenSpec product directory. He is chair of the Materials and Resources Technical Advisory Group for the U.S. Green Building Council's LEED® Rating System, a LEED Trainer, and a LEED Accredited Professional. Nadav consults and lectures widely on sustainable design, with a particular focus on green materials. In addition to running LEED training workshops, he has taught seminars for various USGBC chapters, CSI chapters, state AIA chapters, and private architecture firms. He also served on the U.S. team for Green Building Challenge, manages the U.S. Department of Energy's High Performance Buildings Database project, and leads the content development team for Web and software resources at BuildingGreen.com.
