Certificate of Graduate Study in Environmental Decision Making

Advising Guide

2012-2013

Department of Environmental Studies

106 Marshall Hall
College of Environmental Science and Forestry
1 Forestry Drive
Syracuse, NY 13210-2787
Certificate of Graduate Study in Environmental Decision Making

Purpose

The Certificate of Graduate Study in Environmental Decision Making is designed for graduate students at SUNY-ESF and those enrolled in law, management, public administration, or information studies programs at Syracuse University. It provides an exposure to specialized environmental study that is relevant to students with related professional interests. The focus of this certificate is on environmental decision-making, the processes by which stakeholders seek solutions to environmental problems. Environmental decisions are made at many levels of government, in courts, in corporate boardrooms, in non-governmental and community-based organizations, educational institutions, and at many other places. Effective participation in environmental decision making demands knowledge of how to acquire and communicate relevant environmental information, an understanding of ecological perspectives, and negotiation, mediation, and public participation skills in an environmental context.

Student Eligibility

Graduate students currently matriculated and in good academic standing in their graduate degree programs at SUNY-ESF and Syracuse University are eligible to apply for entrance to the certificate program. A letter from the student’s advisor and a current transcript are required to establish good academic standing.

Administrative Procedures

Application and admissions procedures, in compliance with college requirements for successful graduate study and the awarding of certificates, are all administered by the SUNY-ESF Dean of the Graduate School. If enrollment limitations are established, acceptances will be made on a rolling basis, according to the date of receipt of applications.

Student applications are made by completing the application form found in this advising guide. The completed application form provides contact information for applicants and verifies their matriculated status at ESF or Syracuse University. Upon completion of program requirements, students file a certificate request form, which identifies completed coursework and initiates actions to produce official transcripts, leading to the award of the certificate.
Forms are available in the SUNY-ESF Office of Instruction and Graduate Studies- 227 Bray Hall, in the Environmental Studies Department Office- 106 Marshall Hall and online at [http://www.esf.edu/es/handbook/default.htm](http://www.esf.edu/es/handbook/default.htm). To assist certificate students in making suitable course selections and to answer related program questions, students should contact the Department Chair, 106 Marshall Hall.

**Academic Advisement**

Prospective students are encouraged to speak with their home department academic advisors about the advisability of and timing for entering this Certificate program. To assist certificate students in making suitable course selections and to answer related program questions, an ESF faculty advisor is available. Students should contact Valerie Luzadis, Department Chair, Environmental Studies, 106 Marshall Hall, SUNY-ESF, 1 Forestry Drive, Syracuse, tel. 315.470.6636, e-mail: vluzadis@esf.edu.

**Course Requirements**

The Certificate of Graduate Study in Environmental Decision Making requires the completion of 12 credit hours of coursework. The foundational Course for the Certificate is EST 635: Public Participation and Environmental Decision Making, which all students working towards the Certificate must take. In addition to this course, students must take 9 credits of coursework from those courses listed below. At least one course from each of the two categories: A. Environmental Policy and Law; and B. Human and Environment Interactions, must be included. To be counted as part of progress toward the Certificate, a grade of B or better must be earned in each course. Up to 6 credits from Syracuse University may be used to meet these requirements.

- **Required Course**: EST 635 Public Participation and Environmental Decision Making
- Choose 9 Credits from the following two lists, at least one course from each category

**A: Environmental Policy and Law**

- EST 612 Environmental Policy and Governance
- EST 609 Collaborative Governance Processes
- EST 796 Environment and Natural Resources Policy Analysis
- EST 660 Land Use Law
FOR 689    Natural Resources Law and Policy
FOR 687    Environmental Law and Policy
LAW 716    Environmental Law
LAW 865    Natural Resources Law
PPA 775    Energy, Environment and Resources Policy
PPA 777    Economics of Environmental Policy

B. Human and Environment Interactions.

EST 606    Environmental Risk Perception
EST 608    Environmental Advocacy Campaigns & Conflict Resolution
EST 625    Wetland Management Policy
EST 626    Concepts and Principles of Sustainable Development
EST 628    Great Lakes Policy and Management
EST 645    Mass Media and Environmental Affairs
EST 650    Environmental Perception and Human Behavior
PPA 730    Problems in Public Administration (related to environmental decision-making; e.g. Environmental Conflict Resolution and Collaboration)
