

## **Procedures for the Execution of a Vote of no Confidence**

To initiate the process -

An initial resolution signed by 20% of the current Academic Governance (AG) membership is required. (Names on the petition shall be validated by the Sergeant-at-arms and the secretary or their designees and kept confidential.)

Process

1. The AGECE would then move the resolution through as a regular piece of business with the exception that a sub-committee of the AGECE shall be formed with its charge to be determined by the AGECE
2. Once the resolution is clear and understandable to AGECE it will be placed on the College-wide agenda for the next meeting
3. Introduction of the resolution will be made at a regular College-wide meeting; the discussion of the resolution will be considered concluded only after at least one special meeting held no sooner than 2 weeks and no later than the next College-wide meeting
4. Voting on the resolution will be via secret ballot commencing immediately after the special meeting according to the current Academic Governance Standing Rules.

Accepted unanimously by the Executive Committee of Academic Governance on October 4, 2016.
