

PROJECT SUNLIGHT EMPLOYEE TRAINING CERTIFICATION FORM

In order to comply with “Project Sunlight” requirements, SUNY ESF employees who are designated as potential Decision Makers or Advisors to the Decision Makers are required to participate in Project Sunlight training. The online training tool listed below can be accessed at your convenience and can be revisited if any questions arise or if you would like a refresher. Because SUNY ESF is required to provide a list of those who have been trained, you will need to complete the certification statement at the bottom of this page after you have reviewed the training tool. Each State agency has an ongoing obligation to comply with the law and to train its employees on Project Sunlight, including annual retraining of all personnel who may be Decision Makers and/or Advisors.

We appreciate your assistance in helping SUNY ESF become and remain compliant with this law Enacted by the Governor as part of the Omnibus Ethics Legislation. The following has been communicated to each campus:

- Willful failure to report as required by Project Sunlight may result in disciplinary action
- Follow up with individual campuses will take place if the Project Sunlight website reflects a lower than expected level of actual Project Sunlight appearances
