

CNY Region Annual Meeting

Tuesday, April 24, 2012

Burgundy Basin

1361 Marsh Road

Pittsford, New York 14534

The Region will be hosting speaker sessions relating remote sensing applications to GIS at the GIS/SIG 21st Annual. The CNY Region Annual Meeting will immediately follow the conference at the same location.

Start of Meeting: 4:30 pm in the Empire Room.

Reception with hors d'oeuvres and Networking Session.

Business meeting with Reports, Student of the Year award and swearing in of new Officers.

State of the Society by Mrs. Roberta E. Lenczowski, President of ASPRS.

Roberta E. (Bobbi) Lenczowski is an independent geospatial information-intelligence consultant. Bobbi retired, with 28 years of federal service, from the National Geospatial Intelligence Agency (NGA) in 2005, as executive director of the St. Louis operations. During her tenure in Washington, D.C., she served three years as NGA's Technical Executive. Prior to that, she was director of Operations with the National Imagery and Mapping Agency (NIMA) for over five years, serving as senior executive manager for the majority of NIMA's professional employees and all imagery collection, geospatial production and imagery analysis. Since August 2007 she has been a member of the GeoEye Board of Directors

All are welcomed to attend. If you are planning on attending the CNY Annual meeting, please let Jenn Barber know at jennentropy@gmail.com. There will be a \$10 fee for members and a \$5 fee for students to cover food costs and Region annual dues.

**Remember to Register for the GIS/SIG 21st Annual
Spatial/Digital Mapping Conference**
co-hosted by Central New York ASPRS

The mail in only [registration](#) form for the GIS/SIG 21st Annual Spatial/Digital Mapping Conference is available on the GIS/SIG [website](#) at <http://www.gis-sig.org/conference12/registration.pdf>. The fee for the conference is \$90.

GIS/SIG is the Rochester / Genesee / Finger Lakes GIS User Group. This is a great opportunity to attend a well respected one-day GIS conference, with a fantastic line-up of speakers.

The keynote address will be presented by **Jen Ziemke, Ph.D.**, Co-Founder & Co-Director of the [International Network of Crisis Mappers](#). Professor Jen Ziemke, (Ph.D., Political Science, University of Wisconsin-Madison), is one of the leading scholars in the field of crisis mapping.

For more information on the conference, please visit the [GIS/SIG Conference](#) page at <http://www.gis-sig.org/conference.html>. The conference agenda is now available!
