of New York

# **Overview: Account Summary/ General Dashboard How-to**

 Click on the Tab or Link to dashboard page you would like to use.

- Defaults are set to account "000000" so the query doesn't run when it is first opened and fiscal year
  - Be sure to delete or change the default account "000000" to run query
- Selection fields are case sensitive
- Must always click "Apply" to run query

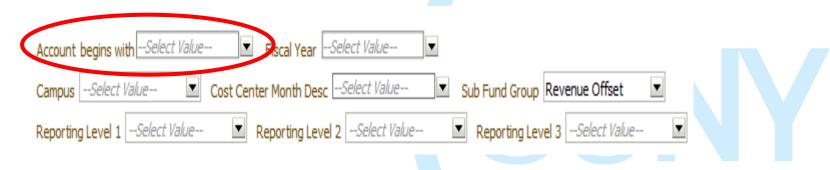

Account Number, Fiscal Year and Campus fields are "linked" selections, once you
input into one of these fields the other fields will filter for the applicable attributes that
relate to the original field input.

For example, when there is no account indicated all fiscal years are available to select, but when you add an account that is only related to FY 13-14, only that FY is available to select.

•To Select "all" items in a selection, leave the field blank. For example if you want every account within the Revenue Offset fund, leave the account field blank (i.e., "--Select Value—")

- Input appropriate selection criteria based on the query you want to run.
  - This example: Account 900837, Fiscal Year 19-20
- Click "Apply", results will display below.

| Account   | Account Local Desc             | Cost Center     | Account Manager             |
