

## OUR MISSION

We achieve our mission through six key goals:

- Promoting student development through individual and group coaching, advising, and mentoring;
- Providing social and educational programming to expand individual knowledge, enhance skill development, and encourage a dedication to lifelong learning and ethical decision making;
- Creating and disseminating accurate and timely communications across various media to provide purposeful information;
- Facilitating holistic, student-centered support services, policies, and procedures to promote a safe and inclusive campus community;
- Developing sustainable partnerships with staff, faculty, and off-campus constituencies to help students foster personal and professional networks, connections, and resources; and
- Delivering effective and efficient administrative systems and processes to support College functions, mission, and goals.

## Our Promise

Committed to creating outstanding student experience.
