COMMUNITY SPEAKER SERIES & WORKSHOP

Our Host Neighborhood, Downtown Syracuse, invites you to learn more about the Empire State Trail and other Urban Trail projects in the city. Meet and work with other residents and businesses interested in how quality of life and economic opportunity in the city and suburbs can be activated through a well-designed and attractive urban trail system.

Come together to enjoy a presentation, tour and workshop by Jeff Olson, Principal at Alta Planning. Jeff will share his experience in planning, designing and educating about greenways, open space, active living, and alternative mobility projects.
