Step 4 – My Classes: Once your registration is complete, you will be taken to your My Classes page where the class tile will display in the Active section. Select the tile to begin working in the class, beginning with the ALEKS Tools Tutorial. To learn more about managing your ALEKS account, including how to update your information and sign up for new classes, see the ALEKS My Classes Page section of this guide.

NOTE: If no compatible license is available at your institution at this point, the class tile will display in the On Hold section of My Classes with the indicator No License Available. Your instructor will receive an email notification, and when a compatible license becomes available it will apply automatically and the class will become active, the tile moving to the Active section.
