Attach to this form a copy of the ESF Minor Curriculum Change Proposal Form with all sections completed. Send the completed documents to Scott Shannon, 227 Bray Hall (sshannon@esf.edu)

Description of the Change:

Within the major of Environmental Science, there is a need for structure, guidance, and direction beyond the first year orientation seminar for both personal and professional growth and development. The proposed course, ESF232, will streamline student activity in the Environmental Science program by addressing first year concerns and continuing to refine and develop students' academic and professional goals. This new course, ESF232, will improve our capacity to keep students on track to towards meeting the senior synthesis requirement for graduation.

For CoC and OIGS use Only

☐ Approve

☐ Deny (Explanation if denied):

S. Scott Shannon
Associate Provost for Instruction

*Form to be used for minor changes only. “Minor” curriculum changes appropriate for administrative approval should be limited to ONE of the following examples: 1) Adding a new course to a curriculum’s list of required courses; 2) Adding a new course to a curriculum’s list of directed elective courses; 3) Revising an existing course that is a part of a curriculum’s list of required courses (i.e. number, prefix, or title change); 4) Revising an existing course that is a part of a curriculum’s list of directed elective courses (i.e. number, prefix, or title change); 5) Adjusting course sequencing within a curriculum that does not change lists of
required courses or directed electives or total credit hours, and has no impact on students outside of the major; or 6) Minor changes to curriculum description/language in the college catalog that does not change course tables or total credit hours required for a major.

If two or more of the above changes are proposed, the proposal should be submitted to the Committee on Curriculum as a minor curriculum change, and will not be considered for administrative approval.

Approvals will be posted on CoC website.
