Description of the Change:

The catalog listing should change to reflect the time when the course is offered:

EST 609 - Collaborative Governance Processes for Environmental and Natural Resource Management (3) Intensive study in early January. Introduces the evolution of innovative multistakeholder processes that characterize collaborative governance (CG). Distinguishes CG from traditional public involvement and dispute resolution approaches, and explores its challenges and opportunities. Provides knowledge and introductory tools to design and be more productive participants in collaborative processes.
