Date: 24 October 2019
Department: FNRM
Course Number: FOR333
Course Title: Natural Resources Managerial Economics
Name of Requestor: John Wagner

Include a copy of the Course Proposal Form showing the updated detailed course description with this form. Show “track changes” in the document. Send the completed documents to Scott Shannon, 227 Bray Hall (sshannon@esf.edu)

Description of the Change:
Modify pre- and co-requisite, and catalog description:

Three hours of lecture per week and a mandatory one-day weekend or two-day overnight weekend field trip. Every natural resources manager must answer the question of how to use economic information to make better business and management decisions daily. Solutions require identifying alternative means of achieving given objective(s), then selecting the alternative that accomplishes this in the most resource efficient manner. Spring. Required for Forest Resources Management, Natural Resources Management, and Sustainable Energy Management degree programs. This is a shared resource course with FOR533. Note: Credit will not be granted for both FOR333 and FOR533. Prerequisite: FOR 207 Introduction to Economics (or equivalent) and FOR 205 Principles of Accounting or Finance (pre- or co-requisite; or equivalent); or permission of instructor

For CoC and OIGS use Only
