2. Proposer Need Statement:

2.1 Describe why this course (or course revision) is needed to meet current or proposed goals and outcomes of the program or College, and, if a revision, provide an explanation of and justification for the revision.

This course will expose undergraduates to special topics in sustainable energy management. The course provides faculty and students the opportunity to engage in topics of interest not covered by regularly scheduled course offerings.

2.2 List the pre-requisite or co-requisite courses (taught within the home department or taught by another department) and explain their relationship to the proposed course. None

2.3 Explain the impact of this course in meeting the goals and outcomes of other Departments/programs (if any).

This course is designed to meet the goals and outcomes of the Sustainable Energy Management degree. The course may be opened to students from other programs as an elective as enrollment permits.

2.4 If the proposed course is designed to fulfill SUNY General Education Requirements, the Associate Provost for Instruction must review this proposal to ensure that General Education Requirements will be met for the specified knowledge area (See Instructions and Guidance).

Please provide an explanation of how this course fulfills SUNY General Education Requirements. N/A

2.5 What are the staffing requirements (instructor, TA, Lab tech, etc.) for this course? If a new course, are there new staffing needs or are there adequate staff members already in place? If a revised course, are there additional staffing needs? Already in place.

2.6 What Department (or extra-Department) resources are or will be made available to support the course or course revision? Current departmental resources
