Otis Deluca

Project Manager
Hueber-Breuer Construction Company, Inc.
Syracuse, New York

Mr. Deluca has been working in project management of commercial and institutional construction projects for 10 years. His experience includes complete oversight of all phases of multi-million-dollar construction projects from pre-construction through project turnover. He has a history of on-time, on-budget, and high-quality project completion. Mr. Deluca is in constant pursuit of continuing education in an effort to seek out better and more efficient techniques for creating the built environment.

Education

B.S. – Wood Products Engineering, SUNY-ESF, 2008

Professional Registration and Affiliation
