VI. **Updates:**

- **Heather E. - ESF Campus Elevators:**
  
- **Josh D.:** - The society for conservation biology is open to hiring a paid staff position for DEI activities and I've been asked to develop a list of activities that position would be involved in.

- I reached out to Stephnique about the LSAMP mentoring program and I'm really quite excited about working with her. I haven't heard back yet, but I'm hoping to chat with her to see where she wants to go, and potentially get her some experience in our lab doing a (supervised) research project of her own.
