Contextual information

Please describe any significant events or circumstances that happened during 2006-2007 that may have impacted your STARS performance. Information can include extreme weather, natural disasters, or any other information that may help contextualize the data submitted for 2006-2007.

Feedback

Please include information about incomplete or estimated data and anything else that may help AASHE understand the data submitted above.

The image shows a large, empty rectangular area, likely a form or a data table, with a thin border. In the bottom-left corner of this area, there is a dark green button with the text "Save normalization data" in white. On the right side of the area, there is a vertical scrollbar, indicating that the content within the area can be scrolled vertically.
