REDUCE, REUSE, RECYCLE

The Mighty Oak Student Assembly's (MOSA) SustainabiTEAM leads efforts to minimize discarded and wasted materials during student move-out. At the end of each semester, club members collect and sort usable materials that would have otherwise been thrown out as part of the move-out process. They redistribute these items during Fall move-in for free to anyone who needs them. Commonly saved items include clothes, hangers, storage items, and decorations. You can save the planet, and some money, by stopping by their tent outside Centennial Hall during move-in and pick up any items you could reuse in your room.
