

Directions to Adirondack Ecological Center

6312 NY St Hwy 28N
Newcomb, NY 12852-2223
(518) 582-4551

Our Symposium will be at the Adirondack Interpretive Center (AIC) located 1.5 miles east of the entrance to the Adirondack Ecological Center (AEC), on Rte 28N.

Wireless internet is available with a password at the AIC and AEC (open 8-4 M-F), in the Rich Lake area bunkhouses and the dining center but not in the Arbutus area. At times the network is down; it is weather dependent as storms cause the breaker to shut down on the mtn.

There is no reliable cell phone coverage within 20 miles of camp. The last coverage is on the Northway to the east of us, Tupper to the northwest and Old Forge to the southwest.

Please let your family or emergency contacts know that you will be staying at the Huntington Wildlife Forest, Newcomb, NY.
