SUNY-ESF Hosts the Syracuse Small Business Association e200 Graduation
November 7, 2012
ESF is proud to be a partner with the Syracuse SBA on their U.S. Small Business Administration Emerging 200 (known as e200) grant. For the second year, we were also fortunate to host the e200 Syracuse Graduation here on the ESF campus.

SUNY-ESF Summer Session 2013
This coming Summer Session at SUNY-ESF promises to be an exciting one! Courses such as Meteorology, Climate Change Science and Sustainability, and Global Environmental and the Evolution of Human Society will surely be of interest to globally-minded students. You will also have an opportunity to immerse yourself in the study of culture with China Experience. Other courses offered allow you to catch up or get ahead on your math and writing skills, including Applied College Algebra and Trigonometry, College Algebra and Precalculus, Calculus I, and Research Writing and the Humanities. At present, seven courses are being offered online, two on campus, and one in China. Six of the offered courses fulfill SUNY general education requirements and all courses are offered at SUNY’s favorable tuition rates (in state undergraduate: $232/credit; in state graduate: $390/credit).
