Looking Ahead to 2012-13 and Beyond…

We will pursue opportunities that include:

- ESF’s Office of Outreach looks forward to relocating to the new Gateway Center in February 2013: [www.esf.edu/welcome/campus/gateway.htm](http://www.esf.edu/welcome/campus/gateway.htm)

- **ESF in the High School Early College Program** will pilot additional SUNY-ESF courses in New York State high schools.

- **ESF Online** will be strengthened and expanded to include new courses allowing students to **Take ESF Home With You!** over the summer.

- Plan and host ongoing and new **faculty-driven and faculty-partnered** academic conferences, symposia and contract training programs aligned with ESF academic and research programs.

- Develop and deliver education and training programs that contribute to **educational, workforce, and economic development** on a regional basis and beyond with partners within and outside the academic community.
