eCybermission Virtual Science Fair

I am honored that ESF is one of three SUNY campuses to be invited to partner with the SUNY system and the New York Academy of Sciences in a pilot project funded, in part, by the Army Educational Opportunity Program (AEOP) and the Battelle Memorial Institute.

Consistent with our longstanding commitment to engage middle school students in STEM education and career pathways, the eCybermission program is a virtual science fair that engages students in STEM fields by asking them to identify and propose a solution to a problem in their own community.
