About the NYS Community Seminars ...
Partnering with the Center for Community Design Research at the SUNY College of Environmental Science and Forestry, the New York State Department of State Division of Coastal Resources and the New York State Department of Environmental Conservation Division of Environmental Remediation offer seminars that provide direction and professional assistance for community leaders and others to successfully plan, design and implement projects funded through the New York State Brownfield Opportunity Areas (BOA) Program.

Delivered by the National Brownfield Association, this seminar complements other topics addressed in the NYS Community Seminar Series by providing a national perspective on brownfield redevelopment and case studies on how to transform properties.
