

SUNY ESF Disinfectant Process and Instructions for Use

SUNY ESF is able to provide Faculty and Staff with disinfectant and microfibers, upon request. Provided disinfectant will be either Hillyard's Non-Acid Restroom Disinfectant/Cleaner (EPA Reg # 6836-77-1658) or Hillyard's Arsenal 1 QT Plus (EPA Reg # 1839-169-1658). Both disinfectants are present on EPA's List N and are NYS Registered Disinfectants, which means that they meet the EPA's criteria for use against SARS-CoV-2, the virus that causes COVID-19.

Be sure to read the label on the spray bottle, as it contains information beyond the instructions below. Both disinfectants should be used on hard, non-porous surfaces only.

Instructions for disinfectant use (both the Non-Acid Restroom Disinfectant/Cleaner and Arsenal 1 QT Plus):

- If area is heavily soiled, perform a preliminary cleaning with damp microfiber cloth
- Thoroughly wet surface with disinfectant, holding spray bottle 6-8 inches away from surface (take care not to breath spray mist)
- Allow surface to remain wet for 10 minutes
- Wipe surface dry with microfiber or allow to air dry

Contact Deb Faust, Supervising Janitor, with questions or to request more disinfectant and/or microfiber cloths at 315-470-4756 or dafaust@esf.edu

Microfiber Cloth Laundering Process

Microfiber cloths should be laundered once a week by the custodial team. If you wish to have a microfiber cloth cleaned, please place it in the "Needs to be Washed" bucket located in your building. Clean microfiber cloths can be found in the "Clean Microfiber" bucket located in your building.

Bucket locations:

- Walters: By first floor Janitor's Closet (110A) between paper machines
- Bray: First floor by Janitor's closet, next to the elevator
- Illick: Across from 225
- Moon: By basement Janitor's Closet, down the stairs to the right
- Gateway: Lower Level by the elevator
- Baker: First floor by bathrooms located closet to Jahn
- Jahn: Second floor office suite main area, by the trash/recycling/compost bins
- Old Greenhouse: By restrooms
- Physical Plant: Breakroom

PLEASE DO NOT REMOVE DISINFECTANT OR MICROFIBERS FROM CAMPUS
