

# MESSAGE

FROM THE INTERIM

# PRESIDENT

Nov. 20, 2019

Dear ESF Community,

Thank you to the Baobab Society and the Undergraduate Student Association for organizing the open forum held Nov. 19. I appreciate the openness of the students, staff and faculty that spoke about their concerns and will use this knowledge to move ESF forward.

In response to one request made for improved communication, we have developed an information page on the ESF website. The [Campus Updates button](#) on the ESF homepage will take you to links for President's messages, updates from University Police, student communications, resources and campus events. This page will be updated as information becomes available.

As I said during the forum, my door is open to anyone in the ESF community who wants to share their thoughts, feelings and ideas about the events happening in and around our community. We consider this to be just the beginning of many conversations. I encourage you to stop by.

Sincerely,

Dave Amberg  
Interim President
