Hello E. Bhavani Sree,

Please change the last column heading, "bio-mass" to "biomass".

Should this be a minus sign? The "-" looks long.

"m²ha⁻¹" and "g m⁻²".

Thank you,

Mary

Thanks, it has the right figure and the other corrections look good.

The table seems hard to follow, with the headings not well aligned with the columns. Do what you can and we'll call it done!
