### **PHOTOS FOR COVER AND SOCIAL MEDIA**

The cover of each issue of Oikos has a photo or figure associated with one of the papers in that issue. We are therefore looking for color photos associated with your study, either your study organism or field site.

We are happy to promote your paper in our social media channels. Posts get better attention when published with a photo. If you have any shots that show your work, results, organisms or similar, just mail them to us! We are also happy to use videos and infographics to promote your study.

Send your photo, video or figure to [oikos@oikosoffice.lu.se](mailto:oikos@oikosoffice.lu.se)

When sending material for cover or social media promotion, please make sure that the copy right is clear, i.e. either if you took the picture yourself or if you have permission from the photographer.

For the cover, the image will be distributed according to CC-BY-NC-ND 4.0. Please also note that the cover photo must be sharp and of sufficient resolution. It must be 300 dpi at a full journal page (only for covers). We take the liberty of choosing a picture that works for the layout of the cover.

Thank you for your fine contribution. On behalf of the Editors of Oikos, we look forward to your continued contributions to our journal.

Sincerely,

Dr. Pedro Peres-Neto

Editor-in-Chief, Oikos
