ABOUT ESF

Founded in 1911, ESF is one of the nation’s premier colleges focused exclusively on the study of the environment, developing renewable technologies and building a sustainable future.

ESF’s Syracuse campus occupies 18 acres and the College operates 25,000 acres of experimental and demonstration forests, field stations and research sites across Central New York and the Adirondacks. The ESF student body consists of more than 1,800 undergraduate and 350 graduate students.

The College offers 26 undergraduate and 41 graduate degree programs, including bachelor’s, master’s and doctoral degrees in the environmental sciences, landscape architecture, forest and natural resources management, engineering and related areas of scholarship and transdisciplinary studies. Associate degrees are offered at ESF’s Ranger School in Wanakena.

ESF blends the personal attention of a small college with the world-class research of a doctoral degree-granting university and attracts truly exceptional students. Today’s graduates join a family of more than 21,000 alumni worldwide and represent the leaders of tomorrow.

ACADEMIC REGALIA

During the Middle Ages, monks and students wore academic regalia as protection from the damp and drafty conditions of monasteries and castles. Through the years, regalia evolved to represent and celebrate scholarly achievement. The colors of the hoods and various trimmings symbolize the disciplines and institutional traditions.

Master’s Hoods
The colors of the master’s hoods represent the colors of the College of Environmental Science and Forestry: forest green, white and gold. Hoods are black with gold velvet lining and green, white and gold satin chevrons on the inside lining.

Doctoral Hoods (Ph.D.)
The colors of the Ph.D. hoods represent the colors of the College of Environmental Science and Forestry: forest green, white and gold. Hoods are black, with a navy blue velvet outer lining and white, gold and green satin chevrons on the inside lining.
Program

Provost’s Remarks
Dr. David H. Newman
Interim Provost

Chancellor’s Message
Dr. Kristina M. Johnson
SUNY Chancellor

President’s Remarks
Dr. David C. Amberg
Interim President

Student Speaker
Zachary S. Warning
Class of 2020

Presentation of the Class Gift
Katherine W. Miller
Class of 2020

Recognition of Degree Candidates
Dr. Bandaru V. Ramarao
Chemical Engineering
Dr. Avik P. Chatterjee
Chemistry
Dr. Melissa K. Fierke
Environmental and Forest Biology
Dr. Lindi J. Quackenbush
Environmental Resources Engineering
Dr. Russell D. Briggs
Environmental Science
Dr. Benette A. Whitmore
Environmental Studies
Dr. Douglas M. Johnston
Landscape Architecture
Dr. Christopher A. Nowak
Sustainable Resources Management
S. Scott Shannon, ’82, ’88
Associate Provost and Dean of the Graduate School
Master’s and Ph.D. candidates

Conferral of Degrees

Alumni Welcome
Robert Geraci, ’73
President, ESF Alumni Association

Closing Remarks
Dr. David H. Newman

Alumni Toast
Undergraduate Student Marshals

Emily Parsons
Fairport, New York
Chemical Engineering

Emily Parsons is a paper engineering major with a minor in management. She is the recipient of the DeCandia Award for Integrity and the Robin Hood Oak President’s Award for Student Excellence. She was a club officer for the Paper and Bioprocess Engineering Club and the AXS Honor Society. She is a member of Kappa Alpha Theta Sorority and works for the Center for Sustainable Community Solutions at Syracuse University. After graduation she is moving to Philadelphia, Pennsylvania, to work for Solenis, a chemical company, to focus on paper industry process optimization and sustainable water treatment practices.

Gabriela Wemple
Delmar, New York
Conservation Biology

Gabriela Wemple is a conservation biology major with minors in recreation resource and protected area management and environmental writing and rhetoric. She is involved in several ESF clubs including Green Campus Initiative and AXS Honor Society. She piloted the Move-Out Program, funded by the Sustainable Team. Over the past two summers, she worked with management and public outreach of invasive species by working for New York state’s invasive species database, iMapInvasives. Wemple is interested in furthering her knowledge and skills in sustainability as well as inland conservation.

Student Speaker

Zachary S. Warning
West Falls, New York
Conservation Biology

Zachary Warning is graduating with a degree in conservation biology. Warning helped teach students in the diversity of life, dendrology, and introduction to soils labs, as well as assisting with research testing for heavy metals in soils from Ireland. He works as a soil scientist intern with the USDA-NRCS, assisting with the creation and management of soil maps and data from the glaciated Allegheny Plateau region. Warning is in the process of converting to a full-time soil scientist and will begin his career in Belmont, New York, after graduation.

SUNY Chancellor’s Award for Student Excellence Recipient

The award is the highest honor bestowed upon students by the State University of New York.

Jordan Jessamy
New Milford, Connecticut
Environmental Science

Jordan Jessamy is an environmental science major with a focus on watershed science and a minor in applied statistics. He was involved in numerous clubs including the Publishing Club, Roots and Pursuits, King’s Court Diversity Group, FORCES, and the Taking Root Peer Mentorship Program, which he co-founded. He held two internships: a forest health intern for the U.S. Fish and Wildlife Service and a research assistantship under Dr. Martin Dovciak at Brookhaven National Laboratory. For his honors thesis, he continued the research he did under Dovciak. Jessamy is working towards his master’s degree at ESF.
**Senior Class Chair**

**Katherine W. Miller**  
Cicero, New York  
Environmental Health

Katherine Miller is an environmental health major with a focus on water/wastewater and a minor in chemistry. She has been involved in many campus organizations, including the Undergraduate Student Association, where she held executive positions. She is the senior class chair. Miller is a sister of the Alpha Omega Epsilon sorority and is involved with the Syracuse University Club Swim Team. She accepted a job with the Indian Health Service in Duluth, Minnesota, to pursue a career as an environmental health specialist with hopes of transitioning to the U.S. Public Health Service as an environmental health officer.

**Departmental Scholars**

**Emily Parsons**  
Fairport, New York  
Chemical Engineering

Emily Parsons is a paper engineering major with a minor in management. She is the recipient of the DeCandia Award for Integrity and the Robin Hood Oak President’s Award for Student Excellence. She was a club officer for the Paper and Bioprocess Engineering Club and the AXS Honor Society. She is a member of Kappa Alpha Theta Sorority and works for the Center for Sustainable Community Solutions at Syracuse University. After graduation she is moving to Philadelphia, Pennsylvania, to work for Solenis, a chemical company, to focus on paper industry process optimization and sustainable water treatment practices.

**Emily Cattarin**  
Marlborough, Massachusetts  
Chemistry

Emily Cattarin graduated summa cum laude in December 2019 with a degree in environmental chemistry and a minor in environmental writing and rhetoric. She was a researcher in Dr. Jaime Mirowsky’s laboratory, studying waterpipe tobacco smoking. She volunteered with A Tiny Home for Good, as well as at Vera House, Inc. in their emergency shelter. She spent summers in the White Mountains of New Hampshire, teaching high school students to do trail maintenance. Cattarin plans to pursue her master’s degree in social work at the University of New Hampshire starting fall 2020.

**Clare E. Foley**  
Fredonia, New York  
Environmental and Forest Biology

Clare Foley graduates with honors with a degree in environmental biology and a minor in marine science. She was a teaching assistant for several classes. For her senior honors thesis, Foley conducted undergraduate research with Dr. Kimberly Schulz on the dispersal of native aquatic organisms through the bilge water of recreational boats. She was a member of the FORCES club and served as the club secretary. She interned at the Audubon Community Nature Center and worked as a resident assistant at Centennial Hall. After graduation, she hopes to work as a field biologist.
Rebecca Barkan
Babylon, New York
Environmental Resources Engineering
Rebecca graduates with a degree in environmental resources engineering. She was a member of Engineers Without Borders/Engineering for a Sustainable Society, ERE Club, and was an orientation leader. She was an undergraduate teaching assistant for general chemistry I/II and introduction to engineering design. She held a research internship with New Mexico State University under a program called “Re-Inventing the Nation’s Urban Water Infrastructure.” After graduation, she will work for an engineering consulting firm she previously interned with working in sustainable planning and design.

Jordan Jessamy
New Milford, Connecticut
Environmental Science
Jordan Jessamy is an environmental science major with a focus on watershed science and a minor in applied statistics. He was involved in numerous clubs including the Publishing Club, Roots and Pursuits, King’s Court Diversity Group, FORCES, and the Taking Root Peer Mentorship Program, which he co-founded. He held two internships: a forest health intern for the U.S. Fish and Wildlife Service and a research assistantship under Dr. Martin Dovciak at Brookhaven National Laboratory. For his honors thesis, he continued the research he did under Dovciak. Jessamy is working towards his master’s degree at ESF.

Grace Trentini
Fairport, New York
Environmental Studies
Grace Trentini graduates with a degree in environmental studies with a concentration in policy, planning and law. She has a liberal arts and science associate degree from Monroe Community College and has been on the Dean’s and President’s list during her ESF career. She had multiple internships through FORCES since starting at ESF in fall 2018, working at Green Lakes State Park and Clark Reservation. After graduation, she plans to work as an environmental consultant specializing in Phase I of the SEQR process.

Matthew Paul Romano
Camillus, New York
Landscape Architecture
Matthew Romano graduates with a bachelor of landscape architecture. After receiving his associate degree in architecture, Romano pursued his bachelor's degree at ESF due to the strength of the College’s program. He expanded his standard methods of visual communication through collaborative and independent projects, which include animation, digital modeling and virtual reality. His work has culminated in a semester-long off-campus research project in Beijing where he studied the relationship of historic temple sites as public space in the urban environment. Romano plans on continuing to expand his expertise in visualization methods in the work environment.

Spencer King
Newfield, New York
Sustainable Resources Management
Spencer King graduates with a degree in natural resources management with a concentration in recreation. He was involved in the AXS Honor Society, FORCES, ESF/SU Cru, and intramural basketball at Syracuse University. He volunteered with ESF’s Saturday of Service, Habitat for Humanity and trail cleanup, and invasive species removal at state parks. He was on the President’s List every semester and was awarded the Forest and Natural Resources Management Robert Hick Department Scholarship. He had internships with FORCES and New York State Parks. After graduation, King will work for the New York State Parks as a regional trail crew member in the Finger Lakes.
CANDIDATES FOR THE DEGREE OF BACHELOR OF SCIENCE
May 9, 2020

Welcome to the ESF Alumni Association!

We are 21,000 strong and live all around the world. You were a student for a few years, but you are a graduate for life. The Alumni Association congratulates you on your graduation. Please stay in touch. Alumni@esf.edu, 315-470-6632, www.esf.edu/alumni.

* denotes those who have attained academic honors during their years at ESF. These academic honors recognize ESF students who carry a minimum of 12 credit hours, achieve an academic average of 3.5 or better and have a clear academic record with no incompletes or failed courses.

~ denotes those who have completed requirements for the ESF Honors Program.

Σ denotes a member of Sigma Lambda Alpha, Landscape Architecture Honor Society.

^ denotes a member of Alpha Xi Sigma, ESF Honor Society.

X denotes a recipient of 2020 SUNY Chancellor's Award for Student Excellence.

Names of candidates listed are accurate as of May 1, 2020, and are subject to change.
