

# ESF Academic Governance Report

ESF Board of Trustees  
22 September 2022

# Shared Governance at SUNY and ESF

“In a shared governance system, faculty, professional staff, administration, governing boards, and students participate in the development of policies and in decision making that affects the institution. SUNY has three main bodies that interact with each other and the Board of Trustees: The University Faculty Senate, Student Assembly, and Faculty Council of Community Colleges. By coming together with different constituent groups who have different opinions on how an institution should be governed, the shared governance process can become the desired way to help institutions implement changes.”
