

Dear SUNY ESF Student:

You have submitted multiple FAFSA transactions which report different values for the Asset Information questions (cash-checking-savings – net worth of investments – net worth of businesses and investment farms). The correct values for these questions must be validated. Your prompt attention is essential and appreciated - **no federal aid will be disbursed or appear on your billing statement until this process is completed. Once the correct information has been confirmed, the aid package will be reviewed to determine if any changes are required.**

What documents are needed for this validation? Dependent students should complete and submit the 2022-2023 Household Assets Validation Worksheet included with this letter. Please be sure to read all instructions carefully and provide all required “wet” signatures.

How should documentation be submitted? All documentation should be submitted to:
