On Sunday, September 02, 2018, at approximately 01:51 AM, ESF University Police investigated a disturbance on Forestry Drive across from the Dome. The ESF officer while on foot patrol could hear individuals yelling and observed the occupants of a vehicle yelling at a group of S.U. students walking west on Forestry Drive. The vehicle's occupants were outside the car and one of them could be heard threatening to harm the students but **no weapon was displayed** . As the officer approached, the individuals entered the vehicle and drove away heading west on Forestry Drive. The vehicle appeared to be an older model "shiny" silver or gray 4 door Honda Civic. The driver and person making the threat was described as an African American male. The other 4 or 5 occupants were described as Caucasian or Hispanic males. No further descriptions were provided.
