Locations of Women’s, Gender Inclusive/All-Gender & Single Occupant Bathrooms

Restrooms at SUNY ESF may be used by anyone regardless of gender identity or expression. Most restrooms listed below are multi-stall; individual, lockable restrooms are noted as bathrooms. Nursing room is NOT a restroom.

1ESF had few women (& women’s restrooms!) for first 40+ yrs; some remain hard to find. Bathroom signage born ~ mid 90s; sign holders in all 20 women’s rooms in 2003.

2Gender Expression Non-Discrimination Act (GENDA) passed NYS Legislature, 1/2019. SUNY Legal advised SUNY NOT subject to Public Buildings Law; SUNY Admin encouraged better advertising single occupant spaces. 2021: NYS 8 NYCRR Part 317 now calls for all single stall to be single occupant rooms.

3Despite single stall, this is not a single occupant restroom.

4Women’s restrooms are undersized in multiple campus spaces; ESF will maintain some through Marshall renovation project.

5Nursing Room. NYS law protects right to nurse wherever have the right to be. You are entitled to a private space to pump; 313 Bray meets state/federal standards for employer-provided space to express breastmilk (lockable, chair, counter, outlet; NOT a restroom). Conference rooms or office spaces can be arranged by individual users, or by the coordinator hosting their visit. More info: http://www.esf.edu/womenscaucus/faq.htm#Is_ESF_breastfeeding_friendly

Send corrections and updates, and report missing sign holders or URL labels to ESF Women’s Caucus, c/o Heather Engleman, engelman@esf.edu
