<sup>1</sup>ESF’s earliest buildings had few single occupant toilet rooms or toilet rooms designated for women or <sup>2</sup>toilets accessible to mobility devices. Some have been added in unexpected places. Substantive enough renovations to include the remaining floor or buildings are in various stages of development or approval, to be implemented over a multi-year period.

<sup>3</sup>See also Gender Expression Non-Discrimination Act (GENDA), NYS (2019) and NYS 8 NYCRR Part 317 (2021).

<sup>4</sup>General access to area limited to building or business hours

<sup>5</sup>**Lactation Room(s).** Unless noted, room remains unlocked unless in use. Each has a chair, counter, outlet, shielded from view, but NOT a restroom, meeting *Labor Law* requirements for a designated private space to pump. **Note:** NYS *Civil Law* protects right to nurse wherever you have the right to be. **More information:** <http://www.esf.edu/resources/family>
