Summer Office Hours: Monday, May 13 through Friday, August 23, 2024

College office hours normally begin at 8:00 a.m. and end at 4:30 p.m. For the period May 13 through August 23, 2024, office hours will temporarily be adjusted to begin at 8:00 a.m. and end at 4:00 p.m. Regular office hours (8:00 a.m. to 4:30 p.m.) will resume on Monday, August 26, 2024.

Please note this does not alter any employee's duties and obligations as may be contained in any law, negotiated agreements and/or policies, and leave accrual and time reporting procedures otherwise remain unchanged.

Compressed Work Week beginning Thursday, May 16 through Wednesday, August 21, 2024

Office Coverage will be required for Regular office hours (8:00 a.m. to 4:00 p.m.) Monday through Thursday. Friday, option to reduce coverage starting at 12:00 p.m.

Friday Office Coverage after 12:00 p.m. for the Compressed Work Week: Office coverage can be made through a variety of arrangements, such as forwarding telephone calls or coordinating with other offices to receive in-person visitors. Unit heads should confer with their supervisors and/or member of Executive Leadership if they have questions about appropriate office coverage.

Executive Leadership should, in turn, work with supervisors to provide as much flexibility as possible for employees.

This change in employees' schedules does not alter any employee's duties and obligations as may be contained in any law, negotiated agreements and/or policies, and leave accrual and time reporting procedures otherwise remain unchanged. As usual, employees may charge appropriate leave accruals for absences ($\frac{1}{4}$ day increments for professional staff; or $\frac{1}{4}$ hour increments for classified staff who work 37.5 or 40 hours per work week and take a minimum 30-minute lunch period).

As an alternative to leave accruals, Unit Heads may approve an early start time and/or later end time to the normal workday of employees (e.g., starting an hour early, staying an hour later, etc.). Unit Heads should consider minimum coverage for office hours as they determine the summer workday for each employee.

Office hours for remote campuses will continue to be determined by the appropriate Unit and/or Program Heads. University Police will be maintaining normal staffing levels.

For those CSEA-represented employees who choose to participate in the *compressed* work week, the affected work week is Thursday through Wednesday. The first work week of the *compressed* schedule for these employees will be Thursday, May 16, 2024 through Wednesday, May 22, 2024 (note: any additional hours should not begin before Thursday, May 16th). The dates for the last work week of the *compressed* schedule will be Thursday, August 15 through Wednesday, August 21, 2024 (note: any additional hours should be concluded by Wednesday, August 21st). The Payroll Office will be monitoring only the total hours by work week for those employees who will be participating.

The continuance of the Remote Friday and Compressed Schedule adopted in Fall 2022 is still a Pilot and is subject to change for Fall 2024 and beyond. In addition, the summer schedule change in office hours is for summer 2024 only, and its effectiveness will need to be continually assessed. The College reserves the right to change or discontinue all schedules in the future.
